TEQUILA PA' TODOS

Premium Tequila, Bar-Achievable Pricing

Tequila Pa' Todos is produced at Hacienda Casa Macías in Tequila, Jalisco, by renowned still-builder Don Manolo Macías, with over thirty stills built in his career for other distilleries. Don Manolo makes his tequilas using traditional distillation methods, without shortcuts or modern industrial equipment used by larger producers. Tequila Pa' Todos offers a crisp, drier flavor that pairs perfectly in cocktails, while delivering a rich, premium flavor when served neat.

- Made entirely from mature agave slow-roasted at .8 psi, instead of the faster 2.4 psi cooking used by larger producers
- Traditional roller-mill miel extraction after roasting, to squeeze honeys from the cooked agave for fermentation
- All-natural fermentation without the use of accelerants, nor heat manipulation
- Bottling on-site, keeping everything from agave cultivation through all stages of production, under the same quality control, craft, and stewardship
